Chapter 1 by Ethan Tan

3:10 pm

The classroom was empty within the first minute after the bell. Students had rushed out the door like they were competing in the olympics.

Liam on the other hand wasn't so keen on leaving school. He wasn't one of those nutty children who loved school so much they wanted to live there, but school was definitely better than home at times.

"What are you still doing here?" Jake asked. Jake was at the door, peaking in from the frame, cheekily.

Liam looked up from the table he was staring at viciously. "Oh... I..." He stood up and headed for the door in embarrassment. "...Was just heading home."

Jake reached his arm to the other side of the doorframe, blocking it completely with his body. Liam was confident that he could walk straight through him, Jake was nearly half his size in width, but not much shorter.

"You don't have to." Jake mumbled awkwardly. He seemed like he lost all his ballsy confidence in a split second.

"Okay?" Liam was confused. Jake wasn't his friend. He didn't mind Jake, he was interesting and

fun, but he didn't befriend him. They had all year to talk, but now he decides to?

Jake sat down in the front row seat, looking at Liam, then at the chair next to him, subtly ushering him to sit.

Liam accompanied him in silence.

"Whats this about?" Liam asked, cautiously. "Is anything wrong?"

Jake was close to breaking full on sweats, his face was reddening with every passing moment. "No." He breathed in. "Are you gay?"

"No. What. Why. Do I act gay?" Liam blurted quickly.

"Its fine..."

"I'm not gay, fuck off."

"No I'm not saying you are, I was just asking." Jake clarified, the red flushing from his face. Liam stood up. "Why?"

"Just curious, you seem to look at guys in class, thats all." Jake mumbled.

The red that left Jake's face, was flooding into Liam's. If Jake picked up on it... how many other people have? He didn't want the school to think- know- he was gay. He wouldn't mind, but his mum was having enough trouble with his dad recently, him being gay would set it on fire. Or throw a can of gasoline in the already existing fire.

"I'm not."

"Okay."

"Good." Liam marched out of the room, slamming the door behind him.

Chapter 2 by XOXkitkatXOX

Take it from here:

All last night Liam was thinking about what he was gonna do. He decided to come out to Jake. He didn't mind because Jake was on the list of hottest guys in the school.

Although he would much rather go out with his real crush Logan, cause to him Logan was the hottest guy in the school. But with his luck, Logan would never even think about being gay.

The next day, Liam went up to Jake and asked if he could speak in private. Jake led him to a place only he knew about. "Where the hell did this place come from?" Liam asked.

be gay for you. I mean, I would much rather go out with Logan, my man crush. But that doesn't mean that I wouldn't go out with you! I put that in the wrong way. I meant to say that I would go out with you, because you're hot and all, but I would definitely choose Logan over you. Sorry, that sounded wrong again. I mean I like Logan, and I like you, but I like Logan more!" Liam started stammering, he did that when he was nervous, and he was really nervous.

Jake put a finger to Liam's lips, and he leaned in. He moved his finger down, and kissed Liam deeply. Liam was shocked. He had his eyes wide open, and wasn't moving. Slowly, he closed his eyes, and kissed back. They were there for a minute or two, but it felt like hours.

This quick love was not safe in a school full of other teenagers. People began teasing the two boys. They quickly ran outside of the school into the fields where no one could see them.

Chapter 5 by MackyusW

When they went into the woods, they started making out. All of it got really intimate, and Jake started to move down to Liam's pants. "Wait!" Liam exclaimed. He wasn't really sure if he was ready to do..."this". He then thought that it would look really lame if he said that he didn't want to. I mean, he wanted, but at the same time he wants this moment to be really special. Not that Jake wasn't special, but then again- "Hello?". Liam had lost his train of thought. "Oh. Nothing, I just thought I heard a clown coming for us **nervous chuckle**." He ended up going on with what Jake was doing. The details of it are kinda explicit, so make it what you want to.
